## Traffic delays expected Wednesday on west end of Memorial Bridge

**Bismarck** – On Wednesday morning, June 27, work crews on the Memorial Bridge project will take down the overhead directional sign on the west approach to the bridge. The structure spans both east-bound and west-bound lanes on the Mandan side of the approach.

The work will begin after the Wednesday morning commute and last less than a day. Flaggers will be present and traffic may be delayed for up to a half hour while the structure is lowered to the ground.

The north sidewalk across Memorial Bridge remains open, but on Wednesday, pedestrians may be stopped while the sign structure is lowered to the ground.
