## **Motorists are advised to watch for trucks on both sides of the Memorial Bridge this week**

Motorists are advised to watch for trucks entering and exiting the Bismarck and Mandan sides of the bridge site this week. There may be minor traffic interruptions as construction materials arrive at the bridge site. Flaggers will be working when necessary to control traffic when trucks are present.

Steel tub girders are also expected to arrive throughout the week. The trucks carrying the girders will take Bismarck exit 161 and follow Bismarck Expressway to the Memorial Highway interchange in Mandan. The girder trucks will have a police escort. The trucks will not travel through Bismarck during busy traffic hours and minimal traffic impact is expected.

Other work currently taking place includes:

- Work is continuing on piers eight, nine and 10.
- Crews will be setting bridge girders for the next several weeks.
- Road work is taking place on both approaches.

The latest photographs, traffic advisories with maps and other information are available at the website, <http://www.memorialbridge.info>.
